Test Script

1	Step
	Navigate to the application URL.
	Test Data
	http://poll-app5-20221101.softacad.bg/login
	Expected Result

Login

Username or Email

A screenshot of a login form. It features two input fields: the top one is empty, and the bottom one is labeled 'Password'. Below the fields is a blue button with the text 'Login'.

The application is loaded properly.

2

Step

Enter the correct email.

Test Data

test@test.org

Expected Result

The email is visualized and accepted by the field.

3

Step

Enter the correct password.

Test Data

123456

Expected Result

The password is masked and accepted by the field.

4

Step

Click on the 'Login' button as shown in the screenshot:

Login

Username or Email

test@test.org

Password

.....

Login

Test Data

Expected Result

The user is successfully logged in.

5

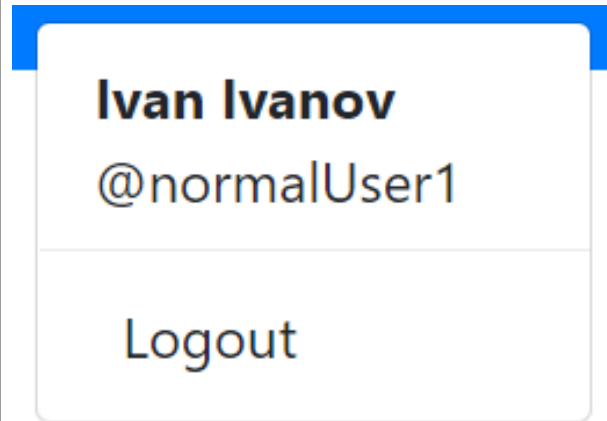

Step

Click on the profile icon at the top right corner and verify that the user is logged on to the right account.

Test Data

Expected Result

@normalUser1

6

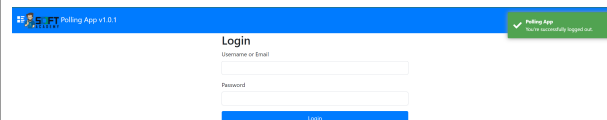

Step

Click on the Logout button and verify that the user is properly logged out.

Test Data

Expected Result

The user is successfully logged out and returned to Login page.
